## **WHAT WE DO?**

---

**Invest & Trade from anywhere**

**We unlock financial freedom  
and making it easier for anyone to  
invest and trade from anywhere.**

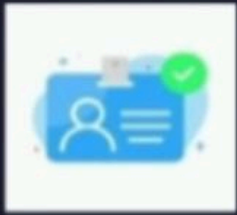

**Get started today with as low as \$100**

## **ABOUT US**

We focus on the absolute risk of losing money, not the relative risk of underperforming the stock market. Consider a year when the market falls by 25%. A fund manager focused on relative returns could lose 20% of their investors' money and still claim to have done well by 'outperforming' the index.
